PROFILE

Detail-oriented and passionate Front End Developer with experience in web development and a solid foundation in programming languages including C, Java, HTML, and CSS. Currently completing an internship at Codsoft as a Web Developer, where I am applying my skills to build user-friendly interfaces. Eager to leverage my technical expertise and passion for web development to contribute to innovative projects.

SKILLS

- Front End Technologies:** HTML, CSS, JavaScript
- Programming Languages:** C, Java
- Web Development:** Responsive Design, Cross-Browser Compatibility

WORK EXPERIENCE

Web Development Intern

- Codsoft, [Hyderabad] [Nov-Dec, 2024] - Present.
- Utilized HTML, CSS, and JavaScript to develop front-end features that enhance user experience.
- Assisted in debugging and troubleshooting issues, ensuring high-quality code and adherence to best practices.

PROJECTS

Car Rentals Website

- Utilized HTML, CSS, and JavaScript to create an engaging user interface, ensuring responsiveness across devices.

INTERESTS

- Web Development: Passionate about creating innovative web solutions and staying updated with the latest web technologies.
- Continuous Learning: Actively pursuing new skills and knowledge in front-end development.
